

**DELIVERING WITH COMMITMENT**

## DELIVERING WITH A DIFFERENCE

### When your reputation is at stake, who would you trust?

The distribution market is a competitive one. If you need your goods delivered you will have quite a few choices open to you. It's something we at PTI Express never forget. As a specialist shipper to all 32 counties of Ireland since 1989, as well as delivering around the heart of England, we recognise that it's not only our reputation at stake with every critical delivery; it's yours too.

Our entire business is focused on helping you excel by delivering your promises. Which is why we say we not only deliver parcels, pallets, hanging garments and hazardous goods; we deliver a commitment – that you won't find a more reliable, cost-effective and friendly service for getting your goods delivered safely, first time, every time.

It's a bold claim but our expectations are as high as yours, as we hope the following pages suggest. If you think you are ready for a trouble free delivery service call PTI Express on [0800 393192](tel:0800393192) or learn more at [www.ptiexpress.com](http://www.ptiexpress.com).

"Our customers demand a fast and reliable service with cartons delivered in peak condition. PTI Express achieve this and their 'can-do' attitude maintains our own high standards to the door" Chicco UK Ltd

## DELIVERING WITH DEDICATION

### PTI Express puts 'you' in control

Up to the minute information is vital to your business. All freight data is controlled through our industry-leading software that tracks the progress of every shipment at every stage. It allows us to keep you fully informed and to respond immediately and factually to all your enquiries.

You can avoid using time consuming and costly paperwork by taking advantage of our online despatch system. This provides a seamless link to the Transport Management system, giving us the ability to process your consignments effectively and quickly.

As well as entering consignments, (or importing your own file if you prefer), this free facility allows you to print labels and manifests, maintain your own address book and request and view 'Proof of Deliveries' online.

"The friendly and efficient PTI Express team have looked after all our Irish distribution since the early 90's and offer exceptional customer focused service with the benefit of years of experience serving the Irish market" The Health Store

## DELIVERING WITH PASSION

### Quality service with a 'can do' attitude

We understand that you need to justify every penny of what you spend. As a privately-owned company with a dedicated management team, we aim to keep our prices competitive.

Our program of investment aims to deliver added value to your business and help us retain our competitive advantage through IT, transport and facilities.

When PTI Express started in 1989, the business made a single commitment – to be the most dependable delivery service available. That commitment has never wavered. It never will. If you think it's time to reassess or expand your relationship with a high quality carrier then call PTI Express on 0800 393192 or visit us online at [www.ptiexpress.com](http://www.ptiexpress.com).

"We use PTI Express because the service is reliable, the rates are competitive and the staff are friendly and courteous" Frank Allart Limited
